## **Checklist**

What you should send with your application (all applicants)

Documentary Evidence of

- academic and professional qualifications
- financial support

For international students only

- Academic and professional qualifications
- Financial support
- proficiency in English (IELTS 6.5 or more)
- copy of your passport

## **Further Information**

Instructional courses normally begin in late September, and the majority of research degrees also take place at the beginning of the academic year, although it is possible to register at other times of the year. There is no formal closing date for applications, but International applicants should be advised that an early application (preferably by 31 March) should be made to allow enough time to complete the visa process.

Applications for financial support/scholarships are handled separately. You are advised that an offer of an academic place does NOT imply the award of a scholarship.

Please note that many departments will wish to consider a number of applications for a course before making a decision, and a speedy response to an applicant is not always possible.

## **Declaration**

Any offer of a place you may receive is made on the understanding that in accepting it you agree to abide by the rules and regulations of the University, and by signing this form you are confirming your agreement to this.
